

CAN YOU IMAGINE?

Camp Cubs Set Sail For Summer

Oceans, lakes, rivers, ponds, streams--all contain life. Explore the many creatures and plants that live in these different bodies of water. Learn about the role water plays in the environment and our lives. In Wisconsin, water means fun! Learn about the ways we enjoy our many bodies of water and beaches.

Highlights

Monday Kick-Off

Someday Charades - Keep 'em guessing as you explore and express your someday dreams and make believes!

Tuesday

Theme Day! - costume day

Thursday

Theme Day! - favorite sport team

Wednesday and Friday

Special guest, special event or field trip that is related to the weekly theme, and/or swimming

Other

Remember to bring your camp t-shirt, towel, swimming suit, water bottle, hat, and a change of clothes daily.

TIGERS Imagination On The Run

Let your imagination run wild with creative performances. Make a stick puppet, a paper bag puppet, a sock puppet then put on a show! Don't forget to build the puppet stage. Into drama, music or dance? Make up a song. Develop a dance. Design a costume. Put on a show for other campers. You can be the actor, the stage manager, the costume designers or all three!

EAGLES Construction Zone

Cardboard forts, plastic models, Lego structures, card castles, marshmallow toothpick towers and so much more! If you can imagine it, you can construct it! See and learn about different types of buildings and structures and create some that are uniquely yours. Campers will be given the opportunity to create and build using a variety of supplies and materials. For larger projects emphasis will be on practical design and safety. Campers will be able to display and even play in their structures and will also do some projects they can take home.

CAMP TNT

A teen-focused experience for youth entering fifth through eighth grades. See page 2 for more information.
